

Janae Stewart

Software Engineer

SUMMARY

Creative, detail-oriented software engineer with a deep interest in front-end development and Web3 technologies. Always in pursuit of opportunities to challenge and grow knowledge and technical prowess. Looking to bring my passion for coding and love of learning to a new, exciting opportunity.

WORK EXPERIENCE

Center Director at Code Ninjas | Mount Kisco, NY

January 2022 — Present

- Managed and scheduled a team of 7. Maintained communications between staff and store owner. Facilitated monthly training. Provided mentorship and feedback
- Facilitated 1:1 and classes of 10+ kids both virtually and in person, teaching core coding concepts to kids ages 5 - 14 via the programs Scratch, Makecode Arcade, Roblox Studio, and Tinkercad (3D modeling)
- Comfortable explaining logic systems of Javascript and Lua in plain language to aid understanding in children and non-technical people
- Updated and maintained a Google site as well as a Google Ads campaign. Optimized SEO and consistently brought in unique site visitors

Assistant Center Director at Code Ninjas | Mount Kisco, NY

August 2020 — January 2022

- Gained valuable experience mentoring and teaching children from ages 7 to 14. Helped them expand their knowledge from fundamental computer skills to building video games in coding languages like JavaScript and Lua
- Responsible for center management, including but not limited to, children's safety and enjoyment, development, and implementation of curriculums, as well as building rapport with both children and their parent's

Concert Photographer

January 2020 - Present

- Utilized advanced post-processing techniques to enhance and edit photographs, ensuring that each image meets professional standards and accurately reflects the atmosphere of the event.
- Exhibited a strong work ethic and commitment to delivering excellent results, often working long hours to capture the perfect shot and deliver the best possible images to clients and audiences.
